Gift to the Church

Leaving a gift to the Church in your Will is a profound way to return to the Lord a share of the blessings you received during your life. A bequest to the Church helps accomplish the mission entrusted to us by Christ. As the Church was there for you in your lifetime, you can now provide for your Church's future ministry and maintenance.

Three common types of bequests are:

- RESIDUARY BEQUEST:** Once your loved ones have been looked after, you may wish to leave the rest of your estate to your Parish.
- GENERAL BEQUEST:** Should you wish to leave Sacred Heart Parish a specific dollar amount, a certain asset or a percentage of your estate.
- CONTINGENCY BEQUEST:** Helps you leave a portion of your estate to Sacred Heart Parish if a named beneficiary does not survive you.

Please remember your Parish, Sacred Heart in Walkerton or Sacred Heart Parish in Mildmay in your Will. It is only through your generosity that we can maintain and upkeep our beautiful historic buildings.

The month of October is dedicated to the **Holy Rosary**.

The Memorial of Our Lady of the Rosary is celebrated on Saturday, October 7. October usually is an enjoyable time of the year. The autumn season manifests itself with wonderful fall foliage in many parts of the country. The temperatures are cooler, inviting people outdoors for nature walks, apple, or pumpkin picking. School routines are more established and football season is in full swing. The celebrations of the Church for the month of October are also wonderful and unique. The feasts of some of the most popular saints of the universal Church are celebrated during this month: St. Therese the Little Flower (France), St. Francis of Assisi (Italy) and St. Teresa of Avila (Spain). These saints come from different countries, and in honoring these saints we can include cultural dishes or activities from each country to make the feast day even more special. Read more about the lives of these saints. Perhaps the family can pick one virtue that each saint practiced well and try to implement it.
